Erin, I assume that you will need to get comments out by Tuesday PM. I should have stuff by tonight but Janis Cooke is now looking over the document and will have comments by Monday noon. It might be best if I collated her and my comments and sent both to you on Monday PM. Does that work for you? chris

Hi All,

This draft comment document reflects discussions, emails, and comments from USGS & EPA. Have not yet spoken with Chris Foe but plan to hopefully Tuesday. I am out on Monday. I don't have anything in the sections for endocrine disruptors and other urban contaminants.

Karen, when is the last possible time to get these comments to you?
